

The Experiential Board was constituted in the year 2018 .Students earn extra credits from experiential learning activities to enhance their skills. The main objectives of this board are as follows:

1. To ensure holistic development of students.
2. To encourage participation in co-curricular , extension and social outreach programmes.
3. To propose various innovative activities and skill development courses in tune with the programme objectives of the college.
4. To promote innovation, creativity and entrepreneurial acumen
5. To give good exposure to the students to a wide array of multi-disciplinary courses.
6. To evaluate the relevance of existing courses in the light of NEP and propose new courses on a regular basis.
